

COUNTRYMAN CAR WAS WRECKED IN ACCIDENT

FRONT OF MACHINE WRECKED
WHEN BIG BUICK CRASH-
ED INTO IT.

DIXON DRIVER WAS BLAMELESS

Floyd Maxwell, Driver of the Paige,
Turned To Wrong Side of
The Highway.

Willard Countryman, son of E. J. Countryman of Dixon, driving a Mitchell Six, and Floyd Maxwell, a young farmer living four and a half miles north of Sterling, driving a Buick Six, 45, came to grief with their cars on the Lincoln highway between Sterling and Dixon yesterday evening at about 7 o'clock. The main cause of the accident was the blinding cloud of dust raised by a car preceding Maxwell.

The Countryman lad, accompanied by George Schuler and Lloyd Turner, were driving toward Sterling at a leisurely and sane rate of speed, approximately fifteen miles an hour. About three miles east of Sterling they met a big Paige touring car, driving at a terrific rate of speed, estimated at over 50 miles per hour. This Paige car, with its high speed, was raising a great cloud of dust and made it almost impossible for Countryman to see the road at all. He kept his car in the middle of the highway.

Plowed Through Dust.

Almost directly behind the Paige car and following at a rate that would make it look as though he was endeavoring to overtake it, came young Maxwell in his Buick. Because of the dust he did not see the Countryman car until he was very close to it. Then he did not believe he had room to pass on the right-hand side of the road, and he turned abruptly to the left, with the idea of dodging around on the left side of the road, an act in direct opposition to all road laws. Instead of getting past the Dixon car, the Sterling man's machine, traveling at a rate of speed estimated by the driver himself at 35 miles an hour and by other witnesses at 50, struck the Countryman car almost head-on, wrecked the front of both cars, and plunged on past into a deep ditch. One wheel of the Mitchell was demolished and the radiator, fender and in fact the whole front of the machine, will have to be replaced. One front wheel of the Buick was left hooked onto the frame of the Mitchell, without a spoke in it, and another Buick wheel was smashed when the car hit the bank. The front end of the Buick was also telescoped by the collision. Maxwell, who was alone in the Buick, was cut by flying glass from his windshield and Lloyd Turner was slightly cut on the knee. A young lady, with Mr. Turner in the Countryman car, was uninjured.

There were only two cars in the accident, and the rumor that three cars collided and were injured is without foundation.

DAY EVENING.

FUNERAL AT AMBOY SUNDAY

Carl Richard Hecker, son of Ernest and Christena Hecker, natives of Germany, was born in Germany on March 5, 1868, and died at his home in Marion township Thursday evening, June 29, 1916, aged 48 years, 3 months and 24 days. He was married to Miss Annie Fuls in November of 1901 at Harmon and to this union were born four sons and three daughters: Ernest, Dixon; Hermine, who teaches school at Sublette; Otto, Emma, Harry, Glenn and Hazel at home. His wife and three sisters, one of whom lives in Germany, also survive. Mrs. Plein of Chicago and Mrs. Alschlager of Minnesota are the sisters in this country.

Mr. Hecker was a very successful farmer and stock raiser and was well known in Lee county as such, receiving many premiums and ribbons on his stock. He but recently completed a modern home on his place called "Happy Home Farm," and was anticipating much pleasure in it after his many years of hard labor, when he was stricken some eight weeks ago with pneumonia.

He was a member of the German Evangelical church of Amboy where funeral services will be held at 10:45 o'clock Sunday morning, the cortege leaving the house at 10 o'clock. Rev. E. W. Kuethe will officiate and burial will be at Prairie Repose cemetery.

RAILROAD CO. HAD LONG DELAY

Seventh Regiment Kept Waiting All
Night—Mustering About
Completed.

Washington, June 30—Enlisted men serving across the border will receive 20 per cent extra pay and officers will get 10 per cent more, under the decision of the comptroller of the treasury.

(Associated Press)
Springfield, June 30—"The Fighting" Seventh Infantry, I. N. G., and the staff officers of the First Infantry Brigade departed for the border this morning. The men of the regiment spent a sleepless night and left without breakfast. The men had expected to entrain last night, but the first section of the train did not arrive until 5 o'clock this morning. Men and officers dozed on the platform all night. They jumped to their feet at the whistle of every passing train, only to retire again, swearing at their luck and the Illinois Central Railroad Company's delay.

Continue Mustering
Army officers this morning began mustering in the Eighth regiment, colored, the Hospital companies and the Signal Corps. The Third and Fourth regiments were mustered in late yesterday and were today given medical examination. The inspection of their equipment was also begun. If trains are available some of these units will depart tomorrow. The First cavalry is scheduled to leave this evening.

Must Pass Examination
It became known that the First and Second regiments had taken to the border with them all men who had been rejected by federal medical examiners in hope that waivers might be obtained for most of them when they arrived at the concentration camp. A federal order to stop the practice caused exasperation in the Seventh regiment which as a result lost 75 men and five commissioned officers.

May Change Encampment
Adjutant General Dickson and Gov. Dumm are considering the advisability of advancing the date of the annual summer encampments of the Fifth and Sixth regiments and thus give them an opportunity to train in a regular mobilization camp. These regiments, which were not included in the mobilization order, were to encamp in August.

Other Regiments Coming.
Camp Dunne, now being vacated, will be occupied by the Fifth and Sixth regiments of infantry and possibly by one provisional regiment that would be combined in the first call for volunteers as a provisional brigade. Adj. Gen. Dickson authorized the inspection of two new companies of the Fifth that will bring the regiment up to the required peace minimum and put it in shape to answer the government's requirements. The Sixth is reported now to be ready for service. The impression is strong here among officers that the two regiments left behind will be ordered to Springfield at once.

MOVEMENT OF TROOPS SUPPRESSED

BULLETIN.
Washington, June 30—Secretary of War Baker has ordered all department army commanders to suppress all news concerning movement of the troops.

(Associated Press)
Washington, June 30—Private advices from a reliable source in Mexico City said Carranza and his followers are determined to stand by their orders to Gen. Trevino to attack American troops moving in any direction except toward the border and that no way is seen to avoid a break with the United States. The advices say one faction of the Carranza cabinet is urging more defiant action and a demand for the immediate withdrawal of all the United States troops in Mexico.

When the president and cabinet met the unfavorable advices had not been received and there were no developments to be considered. Shortly after noon the president left for New York to address the Press club. Military preparations are being rushed to completion.

RETURN OF NEGRO PRISONERS A RELIEF

With the American troops who were captured at Carrizal back on American soil, there is no apparent intention to force an immediate issue of the demand for assurances on the part of Carranza that there will be no repetition of the attack on Pershing's forces. No time limit has been set for Carranza's reply and there are indications that the administration will welcome further delay of a few days to permit concentration of stronger forces in case of actual hostilities. Guardsmen continue to hurry to the border.

El Paso, Tex., June 30.—Mexican troops of the garrison at Ojinaga fired on the American town of Presidio and on the United States troops here, according to a report received here from Alpine, Texas. Major Butler, commanding the American troops at Alpine, has sent a detachment to Presidio. Ojinaga has a strong Mexican garrison. It is more than eighty miles from Alpine, and it will require twenty-four hours for troops to reach Presidio from Alpine.

El Paso, June 30.—The twenty-three troops of the Tenth Cavalry and Lem H. Spillbury, the Mormon scout, were brought to the international bridge at 3:15 o'clock Thursday afternoon. General Bell was waiting with a written receipt for their delivery. The actual transfer was at 3:16, when General Bell's receipt passed into Mexican hands.

Mexicans Kill Wounded.
The prisoners brought with them the charge that the Carranzista troops killed the Americans wounded after the battle of Carrizal. The charge was repeated by three of the soldiers, who said the Mexicans bragged about it.

The prisoners were started from the commandancia for the international bridge a few minutes before 3 p. m.

A shout of laughter arose from the thousands of Juarez Mexicans who had gathered to witness the arrival as the cruiser Hampshire, left an estate valued at \$80,000.

SPILLSBURY SEEMS ANXIOUS.
Spillbury was dressed in a white duck suit. He appeared anxious. All the troops were worn and drawn from their experience, and all were serious save one, who wore a broad smile.

HEAR ATTEMPTS MAY BE MADE TO WRECK TRAINS

San Antonio, June 30—As a result of information that attempts might be made to wreck troop trains en route to the border from all parts of the country, the war department has instructed Gen. Funston and railroad managers to exercise the utmost precaution in concealing the details of mobilization. Train wrecking by the removal of rails or by dynamite is common to warfare in Mexico.

CARRANZA LINE RIDER REPORTED SHOT

El Paso, June 30—According to a report received by Gen. Gonzales of Juarez a Mexican line rider belonging to the Carranza customs service was shot and killed last night by a squadron of American soldiers who fired across the Rio Grande into Mexico near Yaleta.

Gen. Bell is investigating the claim of the Mexican authorities that the line rider was attending to his duties on the Mexican side when he was attacked by eight Americans.

THINKS PEACEFUL SOLUTION PROBABLE

El Paso, June 30—In the opinion of Mexican Consul Garza a peaceful solution of the controversy between the United States and Mexico will be found.

AMERICAN DEAD WERE BURIED ON THE BATTLEFIELD

El Paso, June 30—All but a few of the Americans who fell at Carrizal, including Capt. Boyd and Lieut. Adair, have been buried at the Carrizal cemetery, according to an American who has returned here. A few unburied dead lay on the outskirts of the field, apparently overlooked. Carranza losses, he said, were 26 killed and 50 wounded.

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:

She says:—"Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pains. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.

CASEMENT IS FOUND GUILTY OF TREASON

Lord Chief Justice Sentences Him to Death.

London, June 30.—Viscount Reading lord chief justice of England, with the black cloth, by tradition called a cap, spread over his head, and his two associates in scarlet gowns, likewise black-capped, pronounced the sentence of death for high treason on the Irishman, Sir Roger Casement, shortly before 5 o'clock in the afternoon, half an hour after the foreman of the jury in a shaking voice, gave the verdict of guilty.

Sir Roger announced that he will appeal. A little later his attorney declared that should the appeal be denied Casement will ask that he be beheaded instead of hanged.

Sir Roger addressed the court, reading his final statement, with the explanation that he wished it might reach a much larger audience than the one before him, and particularly the people of America, from whom had come many messages of sympathy to him and whose own struggle for liberty, he said, always had been an inspiration to Irishmen.

Sir Roger's auditors, among whom were Viscount Bryce and many other prominent men and women, listened in deepest silence, some moved to tears. The prisoner declared he did not regard trial by Englishmen in an English court as a trial by his peers, to which he was entitled.

Strikers Impede Warship Loading.

San Francisco, June 30.—Commandant F. M. Bennett of the Mare Island Navy-yard telegraphed Chief of Police White here that federal troops be called for, is necessary, to protect teamsters hauling supplies to the United States supply ship Mars, loading cargo for Mexican waters. The telegram stated that sympathizers in the longshoremen's strike had driven several teamsters from the docks.

PRESIDENT SEES HOPE FOR PEACE

Tensity of Situation Relieved by Troopers' Freeing.

AGREEMENT MAY BE REACHED

Administration Anxiously Awaits Reply of Carranza to Two Notes—Outside Mediation Fejected Second Time, but Good Offices with Carranza Encouraged—Results Are Seen.

Washington, June 30.—Information received at the state department from Mexico City, coupled with the release of the prisoners held by General Trevino, encouraged the president and his advisers to expect a peaceful adjustment of the Mexican situation.

The president deemed the developments such that he could safely leave Washington for Philadelphia and New York to deliver speeches which will mark the opening of the election campaign.

That Secretary Lansing is confident that the administration will be able to arrange the differences between the two countries without resort to outside aid was indicated by his rejection for the second time of the mediation proposal of the Bolivian and other Pan American ministers.

Would Influence Carranza.

The administration, however, is desirous that the Latin American countries shall continue to use their influence with General Carranza to induce him to make a response to the two recent notes of this government which will display a conciliatory spirit and enable an agreement to be reached covering the protection of the border states of the United States and the cessation of conditions which make for war.

It can be stated with the utmost positiveness that the president is determined to avoid war if it is humanly possible. He sees nothing to be gained by a conflict, but, on the other hand, believes that if, as a result of negotiations, General Carranza can be induced to accept the co-operation of the American troops in restoring peace and order there will be a general approval of his policy not only by the American people, but by the government and peoples of all Pan-America.

Up to Carranza Now.

General Carranza, the advice received here show, is just as desirous of avoiding war as is the president. He has been forced by local conditions to take a strong stand against American aggression, and the course he has pursued has tended to unify the people behind him. Because of the strength he has gained, it was possible for him to order the release of the prisoners at Carrizal.

It is hoped by the administration—and this hope has been indirectly communicated to Mexico City—that Carranza, in the note he is preparing will open a door for a proposal which will lead to discussion and eventually to an agreement.

Move to Surround Pershing's Army.

Columbus, N. M., June 30.—According to reports received here, 10,000 Carranzista cavalry have been mobilized at Bustillo on the Mexican Northwestern, 12,000 men are at Villa Ahumada, 2,000 are at Guzman, and General Elias Calles of Sonora is moving large bodies of troops toward the Sonora-Chihuahua border. If these reports are true the enveloping movement of the Mexicans around General Pershing's army is becoming more and more pronounced. Army officers say, however, that the American commander is readjusting his men to meet every move.

American Outpost Exchanges Shots.

Brownsville, Tex., June 30.—A military outpost stationed at an irrigation plant two miles west of Brownsville was fired on by two Mexicans at midnight. The Americans returned the fire, fifteen or twenty shots being exchanged. The two Mexicans, who fled, were not followed, the outpost expecting a heavier attack and awaited assistance. It is not known if the attackers were wounded. None of the Americans were hurt.

EXPLAINS "AMERICA FIRST"

Means Nothing Until Translated into What You Do, Says Wilson.

Philadelphia, June 30.—"America first, translated into what you do," was the new patriotic rallying cry sounded by President Wilson in an address to the Associated Advertising Clubs of the World in Independence Square here. "America first means nothing," he said, "until you translate it into what you do."

Tremendous applause swept over these words.

JUNE 30 1916

For President
CHARLES E. HUGHES
For Vice President
CHAS. W. FAIRBANKS
For Governor
FRANK O. LOWDEN

MR. DENEEN'S CANDIDATE.

After having failed to induce Prof. James of the state university, former Senators Hugh Magill, Logan, Hay and others to shy their hats into the republican gubernatorial contest and after having decided that Col. Frank L. Smith of Dwight does not measure up to the standard to defeat Colonel Frank O. Lowden for the nomination, former Governor Deneen has selected State Senator Morton D. Hull of Chicago as his personally hand-picked candidate to make the race for chief executive and will endeavor to rally his forces around his choice during the next 60 days.

Mr. Hull is a most amiable gentleman with a large bank roll which he inherited, his father having been a wealthy lumberman and vice president of the old National Bank of America, in Chicago. Mr. Hull was an only son and and has never had to worry very much about where his next meal was coming from.

It has frequently been stated in the Chicago press that Mr. Hull stood ready to give \$50,000 toward the campaign fund of Mr. Magill, or Mr. Hay for a governorship campaign, provided that either was selected by Mr. Deneen to make the race and provided further than Mr. Hull were put on the Deneen slate for the nomination for lieutenant-governor. Prof. James finally decided to stick to the university job and Messrs. Magill and Hay shield at the honor which Mr. Deneen attempted to thrust upon either one of them, realizing that the sentiment for the governorship is as strong for Frank Lowden, from Cairo to Galena as it was for Wm. McKinley back in 1896, when some designing Illinois politicians attempted to take the state away from him, so Mr. Hull is chosen, eventually, as the "goat," but he will prove a gentlemanly goat.

Mayor Bennett of this city will probably now be quietly informed by the ex-governor that he is out of the race and be permitted to gracefully retire from the contest in which he has really never been fully entered.

Mr. Deneen, however, misjudges the sentiment of down-state republicans if he imagines for a minute that they are going to select the next governor from the city of Chicago, which has had this high office for the last 17 successive years. It is now the turn of the country to furnish a chief executive of Illinois and the voters will do it at the primary on Sept. 13.

Mr. Deneen's apparent trouble is that he desires absolute ownership of the republican party in this state and not partnership with anybody.

Col. Frank Smith will naturally be sorely disappointed over the turn which events have taken for he has been led to believe that eventually his candidacy would inherit the Deneen support. Now, of course, the former governor will take away from him every vestige of the Deneen following, leaving him high and dry on the rocks, for practically all of the republicans in the state who are opposed to permitting Mr. Deneen dictate who they shall support for governor, will swing solidly behind Col. Lowden's standard.

The dye is now cast so far as the republican governorship race is concerned and the entrants will be Frank O. Lowden, Frank L. Smith and Morton D. Hull.

With the primary only a little more than two months off, the Register-Bazette ventures the prediction that Frank O. Lowden will carry 99 out of the 102 counties in the state, including Cook, by large majorities. Cut this out, paste it in your hat and see whether it isn't as near the truth as was the prediction made by this newspaper on Dec. 20 last when it said that Charles Evans Hughes would be nominated for president in the Chicago convention in June by acclamation, and that Theodore Roosevelt and his progressive party followers would give him their hearty support at the election.

The gubernatorial primary result is as plain today as it will be when it is written upon the wall the day after the primary is over.

Col. Lowden will win, both in September and November.—Rockford Register-Gazette.

THEY ARE ALL FOR MR. HUGHES.

Colonel Roosevelt's patriotic action in refusing the Bull Moose nomination and turning to the support of the republican ticket has put the finishing touches on the democratic chances for another term. Our friends, the progressives, can be called nothing but republicans from now on, for those of them who had not already made up their mind to support the republican ticket before Col. Roosevelt spoke, are only too glad to be released from any feeling of allegiance to the Colonel. Governor Hiram Johnson of California, Roosevelt's running mate in 1912, has come out strongly for Hughes. If he democrats would only do the thing that they know, down in their hearts, they ought to, we could make it unanimous.

RECKLESS DRIVING.

Reckless and fast driving resulted in a bad automobile accident out on the Sterling road. Drivers who do not slow down and use care while driving through dust and in dangerous places are a menace to the public and should have their licenses taken from them.

The soil of Texas looked "powahful good" to those troopers from the 6th cavalry. They were glad to get back home and all Americans were glad to have them come back.

The released colored troopers came back minus their uniforms shoes. Some twenty-odd Mexican "generals" will be sporting new uniforms now.

And now we demand an apology from Vienna. We may have "apologies" coming at us from several directions at one time, which might prove most embarrassing.

PRAYER TREATMENT FAILS

Danville, Ill., June 30.—Coroner Ralph M. Cole of Vermillion county has recommended to State's Attorney John H. Lewman that John T. Decker, late of Mount Vernon, who substituted prayers for medicine, be prosecuted for the death of his infant son, John Edgar Decker, who died presumably of ptomaine poisoning.

A local doctor called and left medicine, but he heard just before the child died that the father had refused medicine to the child. Instead he is said to have offered prayers for the recovery of the infant. Neighbors complained when the child died, and an investigation followed.

Miss Frances is a very competent driver, having handled cars of nine different makes.

For Miss Brauer

Miss Irene Brauer of 323 Chalmers street, whose marriage to Benjamin Smith of this city, will take place the early part of next month, was made the honoree of a pretty nuptial affair given by Mrs. Edw. Brauer of Palmyra Thursday afternoon. Forty-six guests were entertained. The house was done in pink and white roses and pink and white festoons of crepe paper, draped with chandeliers in the centers of the rooms to the corners. The affair was a miscellaneous shower, and many beautiful articles of silver and linen, etc., were presented Miss Brauer, with many clever little poems attached. Dainty refreshments of ice cream and cake were served, the Misses Helen Siers, Minnie Wurth, and Margaret Martin assisting the hostess.

Dancing Recital

Truly Grecian in character was the dancing recital given on the beautiful Howell lawn by the pupils of the dancing class taught by the Misses Howell. The beautiful out-of-doors furnished the ideal atmosphere to the graceful interpretative dancing of the little folk; the picture presented to the parents and friends, who were the guests, was as if perhaps Corot's "Dance of the Nymphs" had been enacted for their benefit. The pretty costumes of the little dancers added greatly to the recital.

Victory by Czar Against Teutons at Volhynia Is Announced by Petrograd—Vienna Admits Defeat in Hand to Hand Fighting Along Twenty-five Mile Front.

London, June 30.—With a great victory in Volhynia and the capture of 10,500 prisoners to their credit, the Russians have renewed massed attacks on a front of twenty-five miles east of Kolomea and drove the Austrians from several lines of trenches in hand-to-hand fighting, threatening the immediate occupation of Kolomea and a sweeping advance upon Lemberg from the south to meet the drive on the Galician capital from the north-east.

Vienna officially admits Russian successes on a wide front through the gains were made at terrific sacrifice.

While reports from Budapest quote Premier Tisza of Hungary as saying the Russian drive toward Transylvania has been checked, official reports from Petrograd announce a victory in Volhynia with the capture of 221 officers and 10,285 men.

Russ Gain in Volhynia.

The statement says the Russians inflicted a great defeat on the Teutonic troops between the Dniester and Pruth Rivers, capturing three lines of trenches.

The importance of the renewed Russian advance in Volhynia and on the northern line is revealed by a Central News dispatch from Amsterdam, which states that all passenger traffic with Germany has been suspended to clear the way for troop trains, which are speeding east in great numbers.

French Take 2d Line Trenches.

Paris, June 30.—French troops took the offensive in the Champagne region and after cleaning out German first-line trenches west of Le Mesnil, penetrated the enemy's second line, blowing up several shelters, the war office announces.

After a violent bombardment which lasted the entire day, the Germans attacked the French positions northwest of Thiamont in the Verdun sector, but were repulsed with heavy losses. The French machine gun and curtain fire is declared to have devastated the attackers.

Says Attacks Were Repulsed. Berlin, June 30.—The fighting on the western front attained proportions of considerable violence at various points Wednesday and Wednesday night, the war office announces, but attacks of the British and French were repulsed everywhere.

U. S. CAPTIVES BROUGHT BACK

Troopers Held at Chihuahua Turned Over to Bell.

SCOUT BLAMES U. S. OFFICER

(Continued from Page 1)

This one made himself the impromptu spokesman of his fellows.

General Francisco Gonzales, Juarez commander, and Andres Garcia, Mexican consul in El Paso, met the train. General Gonzales boarded the train. A minute later he reappeared, followed by the guard that had escorted the prisoners from Chihuahua.

The guard, dressed in uniforms of bright yellow, pushed back the crowd, forming a lane through which Spillsbury and the troopers marched down the railway tracks. They were taken to the disinfecting plant and there stripped and treated before being escorted to the commandancia.

At the commandancia the troopers refused to discuss the Carrizal fight, their imprisonment or their return to the border.

"We are soldiers, not plain citizens," they said, "We will have to report to our superior officers and receive their instructions."

Spillsbury was not so uncommunicative, however.

Spillsbury Maintains Story.

He entered the private office of General Gonzales and there gave out a brief interview in which he repeated statements he had been credited with making at Chihuahua by General Jacinto Trevino.

These statements were to the effect that Captain Boyd, commander of the Americans at Carrizal, persisted in advancing toward Villa Ahumada to recover a negro deserter after General Felix Gomez had warned him to turn back and after Spillsbury had urged him to accept this advice.

This interview was arranged at the solicitation of the Mexican officials and before Spillsbury or any of the Americans had had a chance to see the American officials.

While Spillsbury was talking, General Gonzales sent out for food for the prisoners, who had had nothing to eat since leaving Chihuahua. He later announced that it probably would be 3 o'clock in the afternoon before the necessary red tape could be gone through with and the prisoners transferred.

In his interview Spillsbury declared he did not know who fired the first shot at Carrizal.

He said that after the second conference between Captain Boyd and General Gomez, when he advised turning back, Captain Boyd said: "I am the commander and it is for you to obey."

Only 76 in Boyd's Force.

Spillsbury declared there were but seventy-six Americans in Captain Boyd's force. He explained that when the expedition left camp it was composed of eighty-six men, but that at Santa Maria ten were sent back to the main force with a wagon train.

The American troopers, to whom access was finally allowed, said they heard that the bodies of Captain Boyd and Lieutenant Adair, killed in the Carrizal fight, were cremated. Luther Alexander of Tennessee was the only member of the returned prisoners suffering from wounds.

ACTS MUST FOLLOW WORDS SAYS WILSON

Never Can U. S. Treaty Become Scrap of Paper.

New York, June 30.—"Never in my administration shall it be said that any treaty of the United States is a scrap of paper. We have come to a crisis where acts must follow words. "While we have the greatest sympathy with the problem of the Mexican people and their desire for self-government, we have come to the point where we must insist that the lives and liberty of our people shall be safe from the depredations of Mexican bandits."

President Wilson was quoted by the Woman's Peace Party as having made this statement to a delegation which visited the White House Thursday. The delegation was composed of Mrs. Amos Pinchot, Professor Irving Fisher of Yale, and Professor Harry Alton Overstreet of the City College of New York.

They carried to Washington a resolution passed Tuesday night by the joint committee on arbitration with Mexico, representing a number of organizations, urging mediation.
